Privacy policy

Last updated: 18 August 2026

How Trager collects, uses, and protects information provided through this website.

01 / Information we collect

We may collect contact details, company information, enquiry content, and technical information submitted through forms or communications with us. We do not intentionally collect sensitive personal information through this website.

02 / How information is used

Information is used to respond to enquiries, evaluate potential engagements, administer recruitment, maintain website security, and comply with legal obligations. We do not sell personal information.

03 / Website assistant

If enabled, messages entered into the optional AI website assistant are sent to our approved AI service provider to generate a response. Do not enter passwords, credentials, confidential information, sensitive personal information, or application material. Assistant messages are not a substitute for the contact or recruitment forms.

Please note
Do not share passwords, confidential business information, sensitive personal information or CVs with the website assistant.

04 / Sharing and retention

Information may be shared with approved service providers supporting communications and secure storage under confidentiality obligations. Business enquiry submissions are retained for up to 365 days, then deleted automatically unless an active engagement or legal obligation requires longer retention.

05 / Your choices

You may request access, correction, withdrawal, or deletion by contacting info@trager.in and including the submission reference where available. We verify the requester before acting and record the outcome.

06 / Security and contact

We use reasonable administrative and technical safeguards appropriate to the information processed. Questions or privacy requests may be sent to info@trager.in.
